

# 2018-2019 Midyear Program Report

Grant Recipient: Stephen-Argyle Central School

Joint Partner: Tamarac Senior Living Center

Center Name: Waubun School

**Objective 1: 21st Century Community Learning Centers will offer high quality well-rounded education opportunities that help students make important connections among their studies, their curiosities, their passions, and the skills they need to become critical thinkers and productive members of society.**

**Goal 1.1: 100% of Centers will offer high quality opportunities for academic enrichment, including providing tutorial services to help students to meet the challenging Minnesota and local academic standards.**

Goal 1.1 The after school program in Waubun is open from 3:30-6:00 on Monday-Thursday. We spend our afternoon with snack, tutoring, and an activity. We work on our local school standards in each academic area, with concentration on reading, math, and STEM. Our homework help time is spent on areas that are specified by the teaching staff. Social Emotional learning is also featured. We spend time also on life skills, fitness, and manner lessons.

We will be attending the M3Huddle during the month of February in Detroit Lakes.

Our Homework Help is directly related to standards in that it is an extension of the classroom. Our STEM activities are tied to Science, Technology, Engineering and Math standards. Our SEL activities also play a great role in the college and career ready goals as well as help with the district's focus on establishing a personalized learning plan. The foods portion helps our students engage in cooking healthy foods.

**Goal 1.2: 100% of Centers will offer students a broad array of additional services, programs, and activities that are designed to reinforce and complement the regular academic program of participating students.**

**(GPRA)**

Goal 1.2 We spend time each program period on educational based activities. The students especially like the Healthy Cooking classes. Reading comprehension and math games are also a part of our enrichment. Hands on activities are available for students to choose during the class. The student advisory process is typically done during time at the program. Students give insight to things they would like to do in the program or what is interesting to them. They also give feedback to things that they do not really like.

**Goal 1.3: 100% of Centers will reach their recruitment goals with at least 70% regularly attending participants (students attend at least 30 program days during the school year).**

Goal 1.3 This Midyear Program Report and PTF at M3Huddle was to be completed on February 1, but has been rescheduled because of weather to February 22nd. At this workshop we will be looking at participation data for all sites.

**Goal 1.4: 100% of Centers will offer 3 days of programming per week for a minimum 420 unduplicated hours of programming, including a minimum four (4) weeks per summer, and at least 300 hours per regular school year.**

**(MDE)**

1.4 Our summer hours were 6 hours per day, 4 days per week for 4 weeks. During the fall of 2018 we offered 115 hours, 12 ½ hours per day 4 days a week for 46 days.

**Goal 1.5: 100% of Centers shall proactively, to the extent possible, build meaningful partnerships to coordinate programs and activities with organizations and programs that are in the same geographic area, that serve similar purposes and target the same students and families. (CFR Title 34 §76.580)**

Goal 1.5 Waubun has been involved with the White Earth Home Health Services in their Nutrition and Elder Care departments. We also have been involved with the Mahnomen County 4 H Program. We were involved in the Lights on Afterschool event by hosting a school cookout in conjunction with a football celebration. It was very well attended.

**Goal 1.6: 100% of Centers will offer families of participating students' opportunities for active and meaningful engagement in their children's education, including opportunities for literacy and related educational services. (ESSA)**

We have sent recruitment flyers to all students in the district (public and non public), advertised on Facebook and we do not turn students away. We have not participated in a Lights on Afterschool event.

**Objective 2: Participants of 21st Century Community Learning Center programs will demonstrate educational and social benefits from well- rounded education opportunities.**

**Goal 2.1: Students regularly participating in the center programs will show continuous improvement in achievement through measures that include Minnesota standard test scores.**

Goal 2.1 We try to talk to teachers at our school about the performance of students who attend the 21CCLC. We will assess our students during testing a little later in the school year.

**Goal 2.2: Regular attendees in the center programs will report positive experiences.**

Goal 2.2 We surveyed our participating students and found that they were enjoying our after school program and enjoyed the activities provided.

**Goal 2.3: Regular attending middle and high school students become college and career ready (if applicable).**

Goal 2.3 NA

**Objective 3: 21st Century Community Learning Center grant recipients will demonstrate operational efficiency of the program.**

**Goal 3.1: Grant recipients submit complete and accurate fiscal forms in a timely manner.**

NA, Reviewed at end of year

**Goal 3.2: Grant recipients submit complete and accurate data on 21st Century program performance measures in a timely manner.**

NA, Reviewed at end of year

**Goal 3.3: Grant recipients resolve compliance findings in a monitoring visit report in a timely manner.**

NA, Reviewed at end of year
